[a] Permit fee is subject to 6% Technology Enhancement Fee.

[b] Not exceeding two feet in width and sixty feet in length, dug at right angles to the centerline of the road, or an excavation not exceeding thirty sq. ft. in area.

[c] Special submittals, investigations, reports, or reviews will require deposits based on the actual or anticipated actual cost (including City overhead). The above fees will cover one review and one follow-up review. Fees for additional reviews are to be paid on an actual time basis (including City overhead).

[d] An owner or resident residing at an affected property may purchase a maximum of two Replacement Guest Parking Permits per parking permit period, unless approved otherwise by the City Manager or his/her designee.

[e] Non-exposure industrial facilities, after they have received their first inspection and filed for Non-exposure status, shall not be charged additional inspection fees. Any industrial facility that fails to file for Non-exposure status shall continue to be inspected once every two years and continue to be charged the Tier 1 rate.

[f] Other Facilities include US EPA Phase I and II Facilities; Municipal Landfills; Hazardous Waste Treatment, Disposal, and Recovery Facilities; and Emergency and Community Right-of-Know Act (EPCRA).

[g] If the actual cost (including City overhead) of map checking exceeds the total fee deposits, the developer shall pay the actual cost (including City overhead). Actual cost shall include staff labor costs (plus City overhead), contract labor costs (plus City overhead), plus reimbursable expenses (i.e., reproductions, etc.).

[h] Any substantial revisions (i.e. street alignments, pad sizes, pad elevation changes in excess of two feet) to approved tentative subdivision maps shall require City Council approval. A fee of $1,000 per sheet, not including any required planning fees, shall be required for any such application of map revision.

[i] Fee is calculated as % of the estimate of costs of additional improvements, including work for which a grading permit must be obtained.

[j] Charges for emergency call outs shall be paid at the overtime rate, plus City overhead, for the positions responding for the time of the call out (Saturday, Sunday, Holiday, etc.). The charge for any emergency call out shall be based upon a minimum time of four hours per employee used, regardless of the actual length of time of the call out, for up to the first four hours used, and then at said applicable overtime rate, plus City overhead, for the actual number of hours worked if beyond four hours. Emergency call outs for the purposes of this fee shall be defined as providing personnel and equipment called to work at times when normal Public Works operations are secured.

The number of plan checks covered by the above described fees shall be limited to three. The third plan submittal shall be checked to confirm that said plan submittal is correct and complete. Any additional plan checking efforts required shall be at a deposit of actual cost plus City overhead.

If the actual cost (including City overhead) of plan checking exceeds the total fee deposits, the developer shall pay the actual cost (including City overhead). Actual cost shall include staff labor costs (plus City overhead), contract labor costs (plus City overhead), plus reimbursable expenses (i.e., reproductions, etc.).
