Dear Brian:

**RECEIVED**

**APR 23 2018**

**CITY CLERK'S DIVISION  
CITY OF MOORPARK**

Thank you for contacting me to express your concerns about the Federal Communication Commission's (FCC) Broadband Deployment Advisory Committee (BDAC).

I share your interest in maintaining local oversight over the placement of communication infrastructure. As you know, the BDAC's Removal of State and Local Barriers Working Group has recommended changes to FCC regulations that the working group believes would reduce barriers to broadband deployment. While I am interested in more rapid deployment, I do not believe that State and Local input on tower placement should be abandoned. Furthermore, I believe the FCC should carefully consider the input of state and local stakeholders before moving forward with any proposal. Please be assured that I will keep in mind your concerns as I monitor FCC action.

I take the opinions of my constituents very seriously, and I appreciate that you took the time to contact me on this issue. As specific legislation is brought forward on this, or other topics of interest to you, I hope that you will continue to reach out to express your viewpoint.

Sincerely,

JULIA BROWNLEY  
Member of Congress
